3975

- High precision collet chucks
- TRU-LENGTH - fixed collet position
- Plain back mounting
- The wrench operated scroll provides for uniform and distortion free clamping of workpieces while simultaneously allowing for a fast collet exchange
- Designed for use with 5C collets (385E) and can be used for turning, facing, boring, grinding and milling operations
- Collet 5C or 16C not included

Standard accessories

Spare parts 99-141

Technical data 142-148
